- 50mm shooting guide for all models above 3.00lbs TC
- Matt black finish blank
- Line clip.

C1α SPOD ROD 3 SECTIONS

One of the most interesting additions to our well-known C1 carp rod family. The Alpha (α) version features an elegant matt black finish blank, with improved components and handle. We have used guides with lighter frame to improve the action of the rod and to allow you to cast any size of spool or spomb to extreme distance with ease. The two tone EVA used for the handle is not just cool looking but it also offers much better grip compared to the previous version.

One of the few high performance 3 section spod rod today available on the market!

- 24T High Modulus Carbon
- Sure Grip handle "urban camo"
- Heavy Duty DPS reel seat
- Premium quality SIC guides
- 50mm shooting guide
- 3 section blank.

FAST WATER RS CARP ROD

Over the last five years, our Fast Water rods became a real reference for all the big river carp fishing lovers. This new version features some important upgrades and a significant style update. The blank is now even lighter and reactive thanks to the ultra light guides, but keeps the same amazing performances which have made this rod famous all across Europe. We have also included a new 11ft version, studied for medium sized river.

- 40T High Modulus Carbon
- ALPS reel seat
- Enlarged butt cup for comfortable fight
- 3K Carbon reinforcements in stress points
- SIC guides with ultralight frame
- Parabolic progressive action
- Reinforced guide wrapping.

BAT+ BITE ALARM SET

Stylish, reliable and great bite detection accuracy, the all new BAT+ bite alarm set is built to last. The internal electronic system has been tested for over one year all across Europe, facing every possible fishing and weather condition. The modern design includes a very deep rod recess which makes it possible to fish extreme situations without the use of additional snag ears. Alarms operate with AAA batteries, while the receiver operates with a 9V battery, this creates the best possible compromise between energy consumption and wireless range. The new BAT+ bite alarm set is available with blue LED (2+1, 3+1, 4+1) or traditional assorted colored LED (3+1 and 4+1).

- Blue set available in 2+1, 3+1 and 4+1
- Multi color set available in 3+1 and 4+1
- 5 Sensitivity setting
- 6 Volume level plus silent mode
- 100 Meters range
- Manual night light function
- High visibility LED
- Alarms operate with 2 AAA batteries (not supplied)
- Receiver operates with 1 9V battery (not supplied)
- Waterproof.

BULLDOZER BRAIDED MAINLINE

Slow sinking braided line, with gravity 1.1. Improved coating technology to enhance color adhesiveness. Along with tight braiding, the line has better resistance to cutting edges and repeated friction. Core fiber has a slightly higher rigidity to balance PE's softness, as well as to reduce tangle possibilities.

- Slow sinking
- Matt green finish
- Great casting performance
- No memory
- Zero stretch
- Low friction surface treatment
- High abrasion resistance.

MIMICRY GREEN HELO

New Mimicry pattern with three shades of green, perfectly toned with natural environments as well as offering a vivid and modern look to your reel after spooled with the line. This new generation of Mimicry is not only carrying new color, but its structure has also been improved to an advanced grade of monofilament by utilizing superior copolymer material - strength to diameter ratio is therefore being maximized.

- Improved construction
- Improved camouflage properties
- Reduced stretch
- Increased density / better sinking ratio.
